

# WELCOME TO MY DIGITAL PORTFOLIO

STUDENT NAME: Nivetha R

REGISTER NO AND NMID: EA183E6B2F4A4748EBD488291D83B83B

DEPARTMENT: BSC. Computer Science with Artificial  
Intelligence

COLLEGE: COLLEGE/ UNIVERSITY: SSKV College of Arts and  
Science for Women, University Of Madras

# PROJECT TITLE

1. Interruptive Digital Portfolio using Front-End Development.
2. HTML, CSS, and JavaScript works

# AGENDA

1. Project Overview
2. Problem Statement
3. End Users
4. Tools and Technologies Used
5. Portfolio design and Layout
6. Features and Functionality
7. Results and Screenshots
8. Conclusion
9. GitHub Link

# PROJECT OVERVIEW

- ✓ Project Title: Digital Portfolio Website.
- ✓ Developed using HTML, CSS, JavaScript.
- ✓ Designed to be responsive, interactive, navigation and user-friendly.
- ✓ Helps present work in a creative and professional way.
- ✓ Acts as a personal showcase platform for student projects & skills.

# PROBLEM STATEMENT

- ❖ Traditional project reports are text-heavy and unattractive.
- ❖ Lack of an interactive platform to showcase skills and mini-projects.
- ❖ Hard for teacher/evaluators to quickly understand student's work.
- ❖ Need for a unique and visually appealing way to present projects.
- ❖ Digital Portfolio can solve this by presenting projects in a creative, structured, and interactive way.

# WHO ARE THE END USERS?

- Students - build & present portfolio projects.
- Teachers/Faculty – evaluate projects in a format.
- Employers/Recruiters – assess technical and creative skills.
- Peers – share, collaborate, and learn from each other.

# TOOLS AND TECHNIQUES

## TOOLS:

- HTML
- CSS
- JavaScript
- VS Code
- CodePen

## TECHNIQUES:

- Responsive Web Design
- CSS Flexbox & Hover Effects
- JavaScript Interactivity (alerts, buttons, forms)
- Structured Coding (HTML, CSS, JS kept separate)

# POTFOLIO DESIGN AND LAYOUT

- ☐ Header with navigation bar
- ☐ Hero section introducing the developer
- ☐ About section with bio & skills
- ☐ Projects section showcasing work
- ☐ Contact section with form
- ☐ Footer with credits
- ☐ CSS Flexbox & Grid
- ☐ Responsive Design
- ☐ Hover & Animation Effects

# FEATURES AND FUNCTIONALITY

## FEATURES

- ✚ Responsive & user-friendly interface
- ✚ Attractive design with hover effects
- ✚ Separate sections for About, Projects, and Contact
- ✚ Gradient background

## FUNCTIONALITY

- ✚ Navigation bar for smooth movement across sections
- ✚ Interactive “Say Hi” button using JavaScript
- ✚ Contact form with input fields
- ✚ Project cards with hover animations

# RESULTS AND SCREENSHOTS

## RESULTS:

- Successfully created a responsive digital portfolio using HTML, CSS & JavaScript.
- Portfolio includes sections: Home, About Me, Projects, Contact.
- Navigation bar, hover effects, and contact form are working properly.
- Portfolio looks creative, interactive, and user-friendly.

# SCREENSHOTS OF PROFILE PORTFOLIO:

**Hi, I'm Nivetha** 🤝

Aspiring Web Developer & Creative Thinker

## About Me

I'm a passionate learner who loves creating beautiful and functional websites. My goal is to become a full-stack developer 🚀 and build projects that help people.

# Simple HTML Page

## Welcome to My Web Page

This is a simple paragraph about learning HTML. It's easy and fun!

## My Favorite Animal

 A Lion

## My Favorite Fruits

- Apple
- Banana
- Mango

## Steps to Learn HTML

1. Learn basic tags
2. Write simple pages
3. Practice regularly

**ID:** 12345175

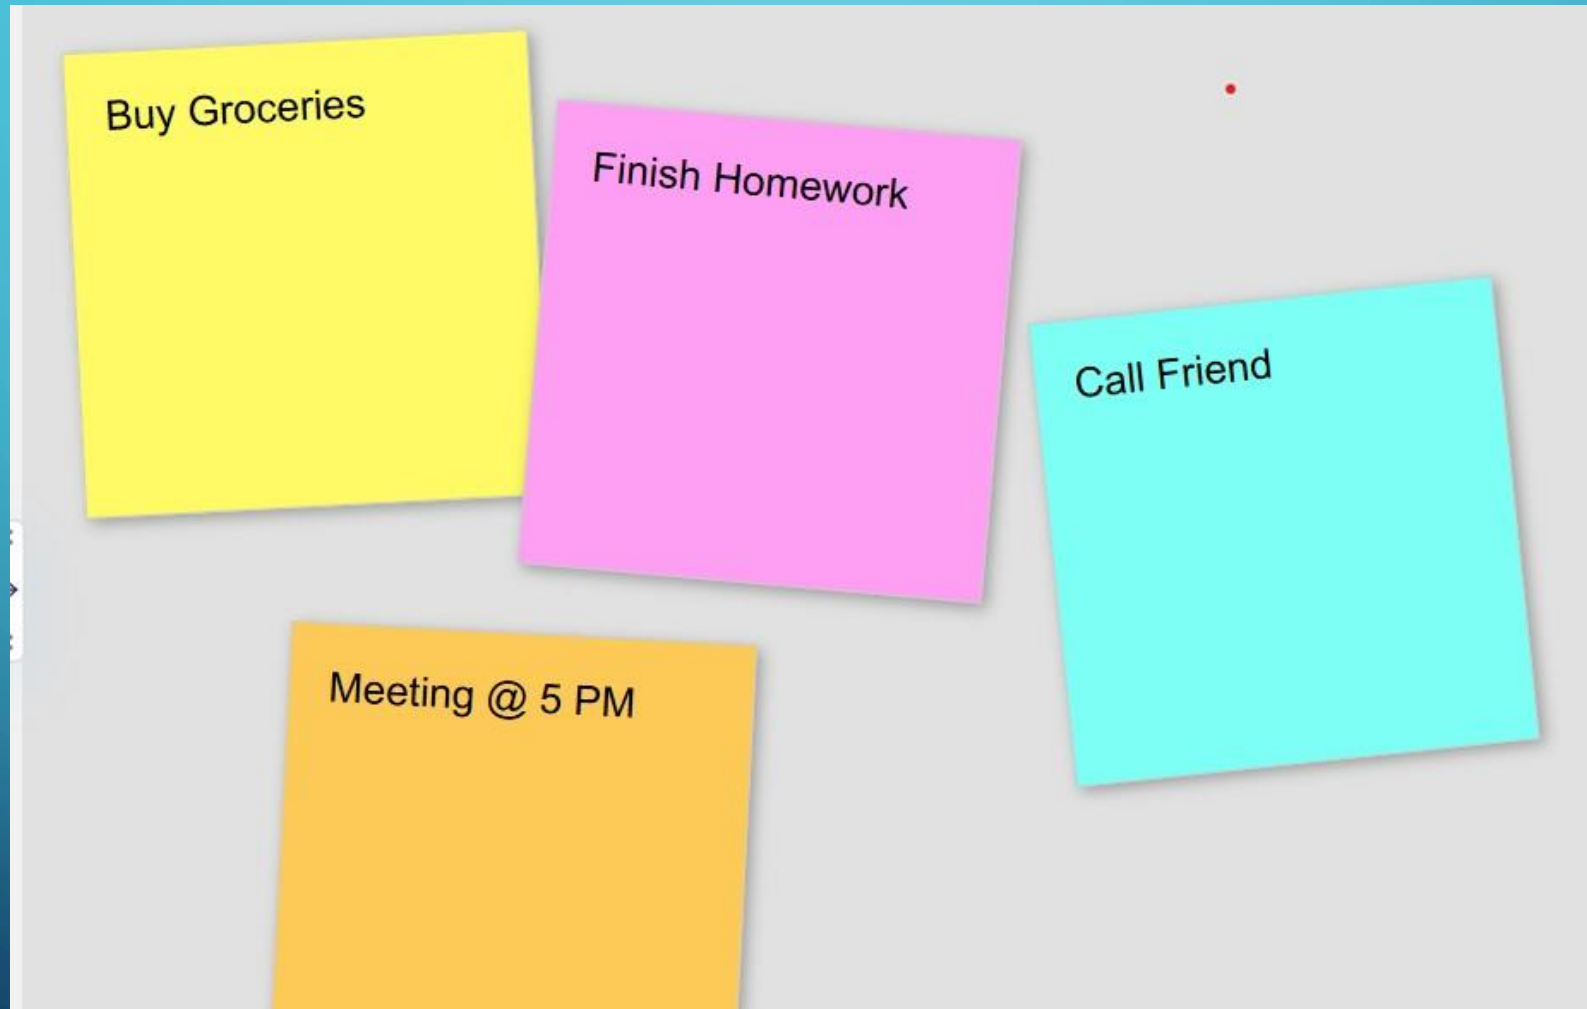

**Phone:** +91 9876543890

**Email:** nivetha@gmail.com

**Address:** No 16 Karpagam Avenue, Kanchipuram

# Sticky Notes Using CSS & JS

# CONCLUSION

The Digital Portfolio project was successfully developed using HTML, CSS, and JavaScript. It serves as a creative and user-friendly platform to showcase personal information, skills, and projects. This project helped me gain practical experience in web development and understand how to design an interactive website. In the future, this portfolio can be enhanced by adding advanced features such as dark mode, animations, and database integration.

The background is a blue gradient with white circuit-like lines and geometric shapes. A yellow square is in the top left, a purple hexagon is in the top right, an orange hexagon is in the bottom left, and a green hexagon is in the bottom right.

THANK YOU
